JOIN US at one of our **Fall 2011 Colorado State-of-the-State** breakfast forums to explore the latest developments in **REIMBURSEMENT IN THE NEW WORLD OF HEALTHCARE REFORM**. The series will highlight information on who, what, how and how much will be paid to participants as part of this new health care financing equation.

Mark Carley of Rocky Mountain Health Plans will update us on the All Payer Claims Dataset, **Robert Semro** of the Bell Policy Center will focus on provider impacts in the debt ceiling resolution and automatic triggers due in December and **Barbara Ladon** of Arpegio Health will share strategies of how to survive and thrive in the future. Not to be forgotten, these sessions will also give you an opportunity to network with friends, industry representatives, providers, and government officials. We gratefully acknowledge our series sponsors: **Caplan & Earnest, COPIC, Genentech, Kaiser Permanente, Kindred Hospitals, Quest Diagnostics, Rocky Mountain Health Plans, and UnitedHealthcare.**

Join us by completing this form or by going to our website at HMO-info.com to complete the registration online. You may return your registration via fax, mail, or email.
